**State of the Art Solution  
to Aligners manufacturing**

# SunClear ALIGNERS

Sun Dental Labs now offers a state-of-the-art solution to aligners manufacturing. Once the necessary records are uploaded, an aligners plan is generated by our team. Then, the SunClear 3D orthodontic software is used to review, modify and accept the plan.

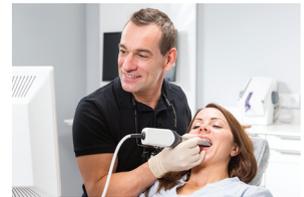

## The SunClear Advantage

More and more patients are asking for aligners but due to costly Aligners Lab fees, many are forced to decline treatment or go online for (do it yourself Aligners).

Thanks to SunClear 3D aligners design software and manufacturing solution, digital orthodontics has now become more affordable.

- Save up to 50% on aligner lab fees.
- High-quality aligners design ready for approval.
